Intermidate, Angels public school, Barara
2021 | Ambala, India

Matriculation, Angels public school, Barara
2019 | Ambala, India

🧠 SKILLS

HTML5 | CSS3 | JavaScript | Bootstrap5 |
c | C++ | Excel | Ms word |
Ms Power Point | Problem Solving |
Time Management | Python | Django

📑 CERTIFICATES

C++
Hartron

Front-end web development
INFO WIZ

Volunteer Certificate
Managing the college Function.

📁 PROJECTS

Netflix Clone Website 🔗
Tech Stack: HTML, CSS, JavaScript

- Developed a fully responsive **Netflix front-page clone**, replicating key design elements of the official website.
- Implemented a **carousel feature** for displaying trending shows and movies, with smooth navigation and hover effects.
- Used **CSS Flexbox and Grid** to ensure a seamless user experience across **mobile, tablet, and desktop** devices.
- Optimized **UI/UX** for enhanced visual appeal, including dynamic banners and clean navigation.
- Focused on **device compatibility** and responsiveness, ensuring proper scaling of images and videos on different screen sizes.

Portfolio Website 🔗

- **Description:** Developed a personal portfolio website using HTML, CSS, and JavaScript. The website showcases my projects, skills, and contact information, providing an overview of my work and experience.
- **Features:** Responsive design, interactive project gallery, downloadable resume, and a contact form.

BakeRise Website & Web Games

- **Description:** Developed a multi-page cake ordering website and several web-based games using **HTML, CSS**, and **JavaScript.**

BakeRise Features:

- **Menu & Pricing:** Displays various cakes with prices.
- **Ordering Pages:** Sections for Birthday, Custom, and Wedding Cakes.
- **Contact Page:** Allows user inquiries.
- **Our Chefs:** Showcases chefs and their specialties.
- **Order Placement:** Displays confirmation message with the cake name upon order.

Games Developed:

- **Tic Tac Toe**: Interactive game with a graphical user interface.
- **Stone Paper Scissor:** Classic game implemented with dynamic visuals.
- **Calculator:** Functional calculator with a user-friendly interface.
- **Technologies Used: HTML, CSS, JavaScript.**
